Dear Leslie

Please find enclosed one of a series of twenty-five paintings being donated to the galleries and spaces of Cork Street W1 (an individual work going to each). See this simply as an act of charity on my part to help you through the on-going difficult economic period.

These pieces were developed recently, over a four month period. The approach was to locate and purchase second-hand paintings or other framed imagery from charity shops, to modify these through various destructive as well as additive techniques and to employ acrylic paint and other binding agents in resolving each work.

I can provide Certificates of Authenticity or recommended pricing if you require. Further information, images and writing on the initiative can be found at www.mocksim.org/OperationCork.htm.

Yours Sincerely

Micheál O'Connell (MA Fine Art/Distinction)
